ANCOP Foundation USA & Gawad Kalinga Commitment:

A Village Coordinator is assigned to every GK Village Builder to help you through the process, answer questions, and provide assistance as needed in GK advocacy and presentations.

Upon assignment of the GK site, a Community Development Plan (CDP) will be provided to you within 30 days. The CDP will contain information about the GK community and the development plan for it.

A Quarterly Village Report (QVR) with photos will be provided to you to give you an update on the development of your village, transformation of the residents, and current programs. For certain special projects and programs, a Quarterly Project Report (QPR) is also provided.

A Completion Report (CR) with photos and information about the community will be provided upon completion of the house construction (approximately 6-12 months from actual date of remittance, provided that the chosen village/site is ready for construction). Included in the report are thank-you letters, profiles and photos from the beneficiary families, participants of the child and youth development programs (SIBOL, SAGIP, SIGA), and Kapitbahayan members, as applicable.

GK Village updates (and soon special projects) are posted in the GK ANCOP USA website (www.ancopusa.org).

We strongly recommend that you or your representatives try to visit your GK Village at some point during the construction.

For more information, please contact your local village coordinator of ANCOP Foundation (USA), Inc. & Gawad Kalinga, or visit www.gawadkalinga.org and www.ancopusa.org. Email: info@ancopusa.org. Phone # 888-GoGK777.
